

STEP OUTSIDE THE CLASSROOM

Step Outside the Classroom is an online professional learning series for educators that highlights the Outreach Education program. Open to all educators, this 8 part series of professional learning is free and runs weekly during Term 3 via Microsoft Teams. Register for 1, 2 or all 8 sessions to discover some fantastic education opportunities.

The Outreach Education program is a collaboration between the Department for Education and South Australia's key cultural organisations providing students with learning environments, experiences and curriculum-aligned resources as well as professional learning opportunities for teachers - unlocking the unique collections, exhibitions, performances, resources, and expertise they hold.
